

Trovare la lunghezza del lato mancante del rettangolo Nome: _____

Trova il valore di X per ogni cifra. Ogni cifra è in centimetri (cm). Non in scala.

1) area = 35 cm^2

2) area = 8 cm^2

3) area = 21 cm^2

4) area = 45 cm^2

5) area = 9 cm^2

6) area = 20 cm^2

7) area = 15 cm^2

8) area = 54 cm^2

9) area = 15 cm^2

10) area = 18 cm^2

11) area = 56 cm^2

12) area = 16 cm^2

13) area = 40 cm^2

14) area = 32 cm^2

15) area = 28 cm^2

Risposte

1. _____
2. _____
3. _____
