

Usa il diagramma per identificare le facce, i vertici e le superfici delle forme

Risposte

1)

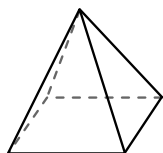

piramide triangolare

facce: _____

vertici: _____

spigoli: _____

2)

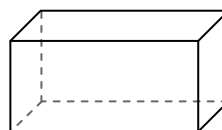

piramide rettangolare

facce: _____

vertici: _____

spigoli: _____

3)

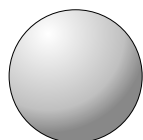

prisma rettangolare

facce: _____

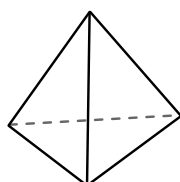

vertici: _____

spigoli: _____

4)

sfera

piramide triangolare

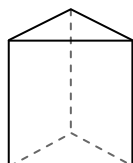

Quale forma ha più facce?

A.sfera

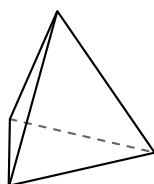

B.piramide triangolare

C.Entrambi hanno lo stesso numero di facce.

5)

prisma triangolare

piramide triangolare

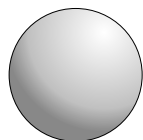

Quale forma ha più vertici?

A.prisma triangolare

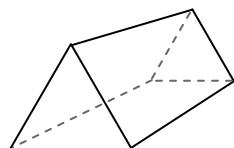

B.piramide triangolare

C.Entrambi hanno lo stesso numero di vertici.

6)

sfera

prisma triangolare

Quale forma ha più spigoli?

A.sfera

B.prisma triangolare

C.Entrambi hanno lo stesso numero di spigoli.

1. _____

2. _____

3. _____

4. _____

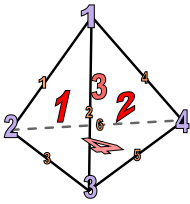

5. _____

6. _____

Usa il diagramma per identificare le facce, i vertici e le superfici delle forme

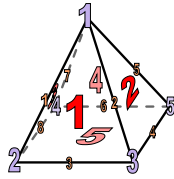

1)

piramide triangolare

facce: 4vertici: 4spigoli: 6

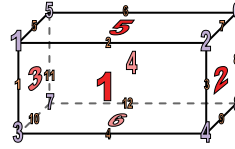

2)

piramide rettangolare

facce: 5vertici: 5spigoli: 8

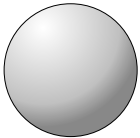

3)

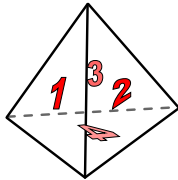

prisma rettangolare

facce: 6vertici: 8spigoli: 12**Risposte**1. 4, 4, 62. 5, 5, 83. 6, 8, 124. B5. A6. B

4)

sfera

piramide triangolare

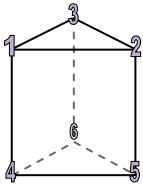

Quale forma ha più facce?

A.sfera

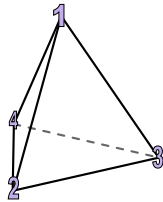

B.piramide triangolare

C.Entrambi hanno lo stesso numero di facce.

5)

prisma triangolare

piramide triangolare

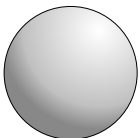

Quale forma ha più vertici?

A.prisma triangolare

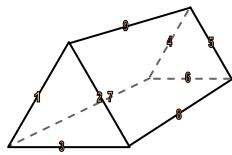

B.piramide triangolare

C.Entrambi hanno lo stesso numero di vertici.

6)

sfera

prisma triangolare

Quale forma ha più spigoli?

A.sfera

B.prisma triangolare

C.Entrambi hanno lo stesso numero di spigoli.
